

BARD-webinar 2021

BARD 2021

You may recall that a BAPS/BARD joint meeting was going to be held in Bruges in July 2021. It had already been deferred from 2020 due to COVID. Unfortunately, the continuing Covid-19 pandemic swirling around Europe and restriction of international air travel has meant that we have had to cancel the scheduled face-to-face meeting once again.

We still believe that there is great enthusiasm for a BARD meeting and propose to reschedule it as a full-scale two day meeting for summer 2022 (with dates to be confirmed).

BARD Webinar June 30th & July 1st 2021

In order to bridge the gap until then, we have organized a BARD-Webinar. This will take place this summer on June 30 and July 1 (05:00 to 07:00 PM CET). On the first day, the topics are biliary atresia (surgery/adjvant therapy/transition) and choledochal malformations (diagnostics, timing and technique of surgery, follow-up), while cholangitis (definition/therapy) as well as pediatric liver surgery (techniques, centralization) will be discussed on the second day.

Each session will start by summarizing expert surveys, which have been carried out by pre-congress working groups, followed by panel discussions together with the online audience. Finally, expert-guided statements and proposals for interdisciplinary guidelines will be summarized and adopted by acclamation.

BARD- faculty in alphabetical order

Christophe **Chardot**, Paris, France; Jorge **Bezerra**, Cincinnati, USA; Lorenzo **d'Antiga**, Bergamo, Italy; Jean **de Ville de Goyet**, Palermo, Italy; Mark **Davenport**, London, UK; Antal **Dezsófi**, Budapest, Hungary; Emmanuel **Gonzales**, Paris, France; Björn **Fischler**, Stockholm, Sweden; Nedim **Hadzic**, London, UK; Sanjiv **Harpavat**, Houston, USA; Jan **Hulscher**, Groningen, Netherlands; Saul **Karpen**, Atlanta, USA; Deirdre **Kelly**, Birmingham, UK; Cara **Mack**, Denver, USA; Patrick **Mc Kiernan**, Pittsburgh, USA; Giorgina **Mieli-Vergani**, London, UK; Masaki **Nio**, Sendai, Japan; Mikko **Pakarinen**, Helsinki, Finland; Claus **Petersen**, Hannover, Germany; Marianne **Samyn**, London, UK; Richard **Schreiber**, Vancouver, Canada; Kathleen **Schwarz**, San Diego, USA; Stefan **Scholz**, Pittsburgh, USA; Piotr **Socha**, Warsaw, Poland; Etienne **Sokal**, Brussels, Belgium; Ronald **Sokol**, Denver, USA; Ekkehard **Sturm**, Tübingen, Germany; Riccardo **Superina**, Chicago, USA; Richard **Thompson**, London, UK; Henkjan **Verkade**, Groningen, Netherlands; Kasper **Wang**, Los Angeles, USA; Barbara **Wildhaber**, Geneva, Switzerland

BARD-webinar 2021 Program

Wednesday, June 30 - 05:00 to 07:00 PM (CET)

05:00 – 06:00 PM

Biliary atresia (surgery/adjuvant therapy/transition)

Chair and moderation: Kathleen **Schwarz**, San Diego, USA

05:00 – 05:15 Mark **Davenport**, London, UK

Presentation of the surveys and proposals for further discussion

05:15 – 05:50

Panel discussion with:

- Christophe **Chardot**, Paris, France (surgery)
- Richard **Schreiber**, Vancouver, Canada (hepatology)
- Henkjan **Verkade**, Groningen, Netherlands (hepatology)
- Deirdre **Kelly**, Birmingham, UK (hepatology)
- Kasper **Wang**, Los Angeles, USA (surgery)

Questions, comments and suggestions from the faculty and from online participants are appreciated

05:50 – 06:00

Summary and conclusion: Kathleen **Schwarz**

06:00 – 07:00 PM

Choledochal malformations (diagnostics, timing and technique of surgery, follow-up),

Chair and moderation: Jan **Hulscher**, Groningen, Netherlands

06:00 – 06:15 Jan **Hulscher**, Groningen, Netherlands

Presentation of the surveys and proposals for further discussion

06:15 – 06:50

Panel discussion with: Christophe **Chardot**, Paris, France (surgery)

Mark **Davenport**, London, UK (surgery)

Stefan **Scholz**, Pittsburgh, USA (surgery)

Questions, comments and suggestions from the faculty as well as from online participants are appreciated

06:50 – 07:00

Summary and conclusion: Jean **de Ville de Goyet**, Palermo, Italy

Tuesday, July 1 - 05:00 to 07:00 PM (CET)

05:00 – 06:00 PM

Cholangitis (definition/therapy)

Chair and moderation: Barbara **Wildhaber**, Geneva, Switzerland

05:00 – 05:15 Ana **Calinescu**, Geneva, Switzerland

Presentation of the surveys and proposals for further discussion

05:15 – 05:50

Panel discussion with: Cara **Mack**, Denver, USA (hepatology)

Richard **Schreiber**, Vancouver, Canada (hepatology)

Riccardo **Superina**, Chicago, USA (surgery)

Omid **Madadi-Sanjani**, Hannover, Germany (surgery)

Questions, comments and suggestions from the faculty and from online participants are appreciated

05:50 – 06:00

Summary and conclusion: Barbara **Wildhaber**, Geneva, Switzerland

06:00 – 07:00 PM

Pediatric liver surgery (techniques, centralization, interdisciplinarity)

Chair and moderation: Riccardo **Superina**, Chicago, USA

06:00 – 06:15 Christophe **Chardot**, Paris, France

Presentation of the surveys and proposals for further discussion

06:15 – 06:50

Panel discussion with:

- Barbara **Wildhaber**, Geneva, Switzerland (surgery)
- Omid **Madadi-Sanjani**, Hannover, Germany (surgery)
- Caroline **Lemoine**, Chicago, USA (surgery)
- Stefan **Scholz**, Pittsburgh, USA (surgery)

Questions, comments and suggestions from the faculty and from online participants are appreciated

06:50 – 07:00

Summary and conclusion: Riccardo **Superina**, Chicago, USA
